**Series: THE BREAKER ANOINTING - The Anointing to BREAKTHROUGH!**

**Scripture Reference: Psalm 18:29 -37; Isaiah 45:1-3**

A breakthrough is a sudden advancement. It occurs when an offensive force has broken the enemy's defensive line. The large force puts pressure on a particular area on the frontlines causing the defense to snap. Once this occurs, the offensive army takes advantage of the break in the defense and continues to apply pressure. This causes a domino-style collapse of the defensive system.

God has made precious promises to His children. The strategy of the enemy is to block you from entering into what God has promised. The barrier can be troops, doors, gates, walls etc. Whatever the barrier may be, you must be determined not to allow anything to hinder you from receiving everything God has promised.

**Self-imposed hindrances to your breakthrough!** Are you talking yourself out of it?

1. Maybe God doesn't want me to have it.
2. If it's the will of God for me, then it shouldn't be so difficult.
3. I am too tired to deal with this anymore.

# THE ANOINTING TO BREAKTHROUGH!

## Strategy:

1. Be sure that God has approved the battle. (Joshua 6:1-2)
2. Ask God for the new strategy. (1 Chronicles 14:8-17)
3. Use persistence to overcome resistance. (2 Kings 13:18-21)
4. Call for reinforcements. (Daniel 10:12-14)

Note: Sometimes you are the one holding the defensive position. Resist the enemy. He wants you to have a breakdown, but you must declare that "I will have a breakthrough".

## Challenge:

- Spend time this week reading the promises of God. Also, write down promises God has made to you personally.
- Take time each day to pray against every hindrance set up by the enemy to block you from the promise.
